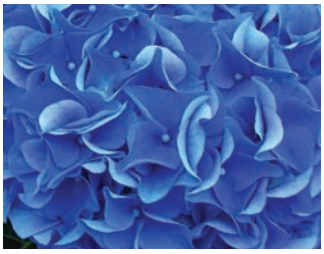
Pink Picotee
Light pink which also has late response, but more vigor than Pink Sensation.

Pink Sensation (USPPAF)
Our number one pink. Best described as a bright bubble gum pink color, with a late response and moderate vigor. Flowers have a unique quilted appearance. Heavily branched. Late response is due to heavy branching.

Hot Red (USPPAF)
Red with a compact habit and early response. It is earlier than Tivoli.

Tivoli (USPPAF)
Dark pink to red flowers with a white picotee edging. Tivoli has a compact growth habit and a late response.

Bela (USPP# 16099)
A more vigorous blue and a later response than Early Blue. Better suited for larger pots.



Early Blue (USPP# 16441)
