DATE: March 16, 2020
 SUBJECT: COVID-19 Announcement & Updates from Aris President & CEO
 TO: Aris Valued Customers

Aris has been keeping up to date with all aspects of the COVID-19 situation including internal and external communications to employees, vendors and customers.

Aris is doing its part to mitigate and protect to help slow the spread of COVID-19. After a review of our situation, procedures and policies, Aris (and its divisions, Keepsake Plants Florida and Canada and Green Leaf Plants) remains open for business albeit with limited site visits for business need only. Please do not visit Aris without pre-approval from site managers.

Shipping will continue and our drivers will be instructed on proper procedures.

Aris and its employees are following the guidance of CDC and other responsible organizations.

For contact information, please do not hesitate to contact me or those listed below.

We will re-assess the information as it becomes available and provide updated status to business activities for the 3 sites when known.

We are grateful for your understanding and flexibility as we all work to keep safe, support our customers and partners and keep things going. It will be a few weeks before clarity develops, and I am confident we will work through this – together.

Sincerely,

Scott Schaefer
