Lavandin

(*Lavandula xintermedia*)

Lavandin varieties are hybrid cultivars selected from crosses of *L. latifolia* and *L. angustifolia*.
The cultivars are taller and more disease-resistant than either parent.

***Lavandula xintermedia* 'Dilly Dilly'**

- Compact growth habit
 - Flower spikes high above the foliage
- Bloom Time:** Late Spring to Late Summer
Vernalization Code: VB
Zone & Exposure: Z6-9; Sun
Height: 12"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72, 30
From: Open variety

***Lavandula xintermedia* Sensational!® ('Tesseract')** USPP#31786

- Extra-large blooms; thick silver foliage
 - Strong stiff habit; well-branched
 - More compact than Phenomenal™
- Bloom Time:** Summer
Vernalization Code: VR
Zone & Exposure: Z4-9; Sun
Height: 24-36"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72, 50, 30, 30V
From: Peace Tree Farms/Concept Plants®

***Lavandula xintermedia* 'Grosso'**

- Extremely fragrant with deep violet flowers
 - Disease-resistant; weather-tolerant
- Bloom Time:** Summer to Early Fall
Vernalization Code: VB
Zone & Exposure: Z5-8; Sun
Height: 24"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72, 30
From: Open variety

***Lavandula xintermedia* Phenomenal® ('Niko')**

- USPP#24193
- Long purple flower spikes on silver foliage
 - Strong disease resistance; overwinters well
- Bloom Time:** Late Spring to Late Summer
Vernalization Code: VB
Zone & Exposure: Z5-8; Sun
Height: 24-32"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72, 50, 30, 30V
From: B & S Plants, LLC

***Lavandula xintermedia* 'Provence'**

- Subtle lavender-blue flowers
 - Sturdy, rot-resistant, glaucous green/silver foliage
- Bloom Time:** Early to Late Summer
Vernalization Code: VB
Zone & Exposure: Z5-8; Sun
Height: 30"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72, 30, 30V
From: Open variety

Lavender

(*Lavandula* – Standalone Varieties)

***Lavandula xallardii* 'Meerlo'**

- USPP#25559
- Lavender blue flowers
 - Variegated foliage with gray-green centers and creamy yellow margins
 - Drought resistant
- Bloom Time:** Summer
Vernalization Code: Not required
Zone & Exposure: Z6b-11; Sun/Part Shade
Height: 20-36"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Concept Plants®

***Lavandula* 'Goodwin Creek Gray'**

- Graceful stems of long purple flowers
 - Gray foliage with wider leaves than traditional Lavender
 - Slightly cut leaf edges
- Bloom Time:** Late Spring to Late Summer
Vernalization Code: VB
Zone & Exposure: **TENDER** Z7a-10b; Sun
Height: 12-36"
Production Type: VEG
Pot Size: 1 gallon, 2 gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72, 50
From: Open variety

English Lavender varieties are long-blooming, fragrant, and ideal for cut flowers and sachets. These varieties prefer well drained soil but tolerate heat and drought, and are more moisture-tolerant and cold hardy than other Lavender types. English Lavender is deer resistant and attracts pollinators.

***Lavandula angustifolia* 'Annet'**

USPP#28867

- Large flowers and long-flowering
- Stiff, upright stems; suitable as a cut flower

Bloom Time: April to September

Vernalization Code: Not required

Zone & Exposure: Z5a-9a; Sun

Height: 16-18"

Production Type: VEG

Pot Size: Quart, 1 Gallon, 2 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72

From: Darwin Perennials®

***Lavandula angustifolia* 'Blue Cushion'**

- Spectacular dwarf habit
- Free-flowering performance

Bloom Time: Early to Late Summer

Vernalization Code: VR

Zone & Exposure: Z5-8; Sun

Height: 16"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: A, B, G

Sizes Offered: 128, 72

From: Must Have Perennials®

***Lavandula angustifolia* Aromatico™ Blue Improved**

- Excellent branching; good vigor and fragrance
- Programmable for easy production

Bloom Time: Summer

Vernalization Code: Not required

Zone & Exposure: Z5-9; Sun

Height: 14-20"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72

From: Syngenta/ThinkPlants™

***Lavandula angustifolia* 'Blue Spear'**

- Bigger, taller, flower spikes than other seed Lavender
- Uniform; upright stems; tight habit; easy to grow

Bloom Time: Late Spring to Summer

Vernalization Code: VB; 12-hour day length speeds flowering

Zone & Exposure: Z6a-8b; Sun

Height: 11-13"

Production Type: SEED

Pot Size: Quart, 1 Gallon, 2 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72, 30

From: Kieft Seed

NEW! *Lavandula angustifolia* Avignon Early Blue

- Deep blue blooms on strong stems
- Blooms about 2 weeks earlier than 'Elegance Purple'
- Grows well in cool conditions

Bloom Time: Late Spring to Summer

Vernalization Code: Not Required

Zone & Exposure: Z6a-8b; Sun

Height: 10-12"

Production Type: SEED

Pot Size: Quart, 1 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72, 30

From: Kieft Seed

***Lavandula angustifolia* Blue Spirit Series**

- Four bright colors; all summer flowering
- Excellent choice for landscape or containers

Bloom Time: Summer

Vernalization Code: VR

Zone & Exposure: Z5; Sun

Height: 14-18"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: A, B, G

Sizes Offered: 128, 72

From: Dümmer Orange

***Lavandula angustifolia* Big Time Blue ('Armtipp01')**

USPP#24827

- Early bloomer with deep lavender-blue flowers
- Larger and more densely packed flower spikes than 'Hidcote'

Bloom Time: Spring to Late Summer

Vernalization Code: VR

Zone & Exposure: Z5a-9b; Sun

Height: 22-24"

Production Type: VEG

Pot Size: Quart, 1 Gallon, 2 Gallon

Schedule Options: A, B, G

Sizes Offered: 128, 72

From: Concept Plants®

***Lavandula angustifolia* Ellagance Series**

- Uniform, reliable, easy to grow
- Compact; free-flowering

Bloom Time: Early Summer to Late Summer

Vernalization Code: VB; 12-hour day length speeds flowering

Zone & Exposure: Z5-7; Sun

Height: 12-15"

Production Type: SEED

Pot Size: Quart, 1 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72, 30

From: Kieft Seed

***Lavandula angustifolia* 'Hidcote'**

- More compact than others in the species
 - Deep blue flowers
- Bloom Time:** Early to Late Summer
Vernalization Code: VB
Zone & Exposure: Z5-8; Sun
Height: 12"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, G
Sizes Offered: 128, 72, 30, 72V, 30V
From: Open variety

***Lavandula angustifolia* Layla™ Blue**

- Compact, well-branched, upright habit
 - Long-blooming; highly fragrant
- Bloom Time:** Summer to Fall
Vernalization Code: Not required
Zone & Exposure: Z5; Sun
Height: 10-14"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Danziger/ThinkPlants™

NEW! *Lavandula angustifolia* La Diva Eternal Elegance

- Profusion of deep purple flowers and dark purple buds
 - Excellent heat and humidity tolerance
 - Long bloom time
- Bloom Time:** Late Spring to Mid-Summer
Vernalization Code: Not required
Zone & Exposure: Z4; Sun
Height: 8-10"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Dümme Orange

***Lavandula angustifolia* 'Munstead'**

- Classic English Lavender
 - Fragrant, deep purple blooms
- Bloom Time:** Late Spring to Early Fall
Vernalization Code: VR
Zone & Exposure: Z5-8; Sun
Height: 12-18"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: A, B, G
Sizes Offered: 128, 72, 30, 72V, 30V
From: Open variety

NEW! *Lavandula angustifolia* La Diva Vintage Violet

- Loads of purple flower spikes
 - Excellent heat and humidity tolerance
 - Long bloom time
- Bloom Time:** Spring to Mid-Summer
Vernalization Code: Not required
Zone & Exposure: Z4; Sun
Height: 8-10"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Dümme Orange

***Lavandula angustifolia* Platinum Blonde™ USPP#23834**

- Stable green and creamy yellow variegated foliage
 - Striking purple blooms
- Bloom Time:** Late Spring to Summer
Vernalization Code: VR
Zone & Exposure: Z6-9; Sun
Height: 16-24"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, G
Sizes Offered: 72
From: Concept Plants®

***Lavandula angustifolia* Lavance Deep Purple**

- Deep purple-blue flowers with no bleaching
 - Highly scented
- Bloom Time:** Early Summer to Fall
Vernalization Code: VB; 12-hour day length speeds flowering
Zone & Exposure: Z5a-8b; Sun
Height: 10-12"
Production Type: SEED
Pot Size: Quart, 1 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72
From: Kieft Seed

***Lavandula angustifolia* Scent™ Series**

- Consistent and earlier flowering
 - Vigorous branching habit; silvery-green foliage
- Bloom Time:** Summer
Vernalization Code: Not required
Zone & Exposure: Z5-9; Sun
Height: 12-16"
Production Type: SEED
Pot Size: Quart, 1 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Syngenta/ThinkPlants™

LEFT: Scent™ Early Blue
RIGHT: Scent™ White Mix

***Lavandula angustifolia*
Sentivia™ Early Blue**

- Outstanding basal branching
- Large flowers; strong fragrance

Bloom Time: Summer

Vernalization Code: Not required

Zone & Exposure: Z5-9; Sun

Height: 14-20"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72

From: Syngenta/ ThinkPlants™

LEFT: Vintro™ Blue,
RIGHT: Vintro™ White

***Lavandula angustifolia*
Vintro™ Series**

- Strong series holds up to wet and cold overwintering conditions
- Strong flower stems; ideal for small to mid-size containers

Bloom Time: Late Spring to Late Summer

Vernalization Code: VB

Zone & Exposure: Z5-9; Sun

Height: 14-18"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: A, B, C, F, G, H

Sizes Offered: 128, 72

From: Syngenta/ThinkPlants™

***Lavandula angustifolia* SuperBlue**

USPP24929

- Deep blue flower spikes above silvery-green foliage
- Short flower spikes with less gapping for more color impact
- Excellent winter hardiness and landscape performance

Bloom Time: Late Spring to Late Summer

Vernalization Code: VB

Zone & Exposure: Z5a-8b; Sun

Height: 10-12"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: A, B, C, F, G, H

Sizes Offered: 128, 72, 30

From: Darwin Perennials®

Lavandula angustifolia SuperBlue

FRENCH Lavender

(*Lavandula dentata*)

French Lavender, also known as fringe Lavender due to its leaf serration, is native to the Mediterranean. It has narrow, toothed, gray-green leaves and traditional purple Lavender-style blooms. Longer bloom period than Spanish Lavender types. Blooms can be used for Lavender wands, potpourri, and dried flower bouquets. Less fragrant than English Lavender.

Lavandula dentata

- Purple-blue flowers, narrow toothed silver-green leaves
- Smaller blooms than *L. angustifolia*

Bloom Time: Summer to Late Summer

Vernalization Code: Not required

Zone & Exposure: **TENDER** Z8-9; Sun

Height: 28"

Production Type: VEG

Pot Size: Quart, 1 Gallon, 2 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72

From: Open variety

***Lavandula dentata* Paris® Blue**

- Purple-blue flowers; naturally compact habit
- Strong basal branching
- Better season-long color than other *dentata* types

Bloom Time: Summer to Late Summer

Vernalization Code: Not required

Zone & Exposure: **TENDER** Z7; Sun

Height: 12-15"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72

From: Green Fuse™ Botanicals, Inc.

***Lavandula dentata* Imperial**

- Exceptional flower power
- Great branching; drought-tolerant

Bloom Time: Summer

Vernalization Code: VR

Zone & Exposure: **TENDER** Z7; Sun

Height: 12-24"

Production Type: VEG

Pot Size: Quart, 1 Gallon

Schedule Options: C, F, H, K

Sizes Offered: 128, 72

From: Dümmer Orange

Lavandula dentata Paris® Blue

Native to the Mediterranean, Spanish Lavender performs well in hot, dry climates. Most varieties are tender, hardy to Zone 7. Spanish Lavender types have a unique flower form. Each flower stem is topped with larger pink or purple bracts crowned with similarly colored upright flags. The foliage is similar to English Lavender varieties, but a little softer.

TOP L TO R: 'Anouk',
Anouk Deep Rose
BOTTOM L TO R: Anouk Supreme,
'Silver Anouk'

Lavandula stoechas Anouk Series

- Reblooming Spanish Lavenders with excellent weather tolerance
 - High resistance to foliar disease
- Bloom Time:** Late Spring to Late Summer
Vernalization Code: VB
Zone & Exposure: **TENDER** Z6a-9b; Sun
Height: 14-18"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 72
From: Darwin Perennials®

Lavandula stoechas Madrid® Magnum Purple

- Larger growing *stoechas* variety ideal for 2 gallon production
 - Massive, colorful bracts for a stunning display
- Bloom Time:** Spring to Summer
Vernalization Code: Not required
Zone & Exposure: **TENDER** Z7; Sun
Height: 15-20"
Production Type: VEG
Pot Size: 1 Gallon, 2 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Green Fuse™ Botanicals, Inc.

LEFT: Javelin™ Forte Deep Purple
RIGHT: Javelin™ Forte Deep Rose

Lavandula stoechas Javelin™ Forte Series

- Well-matched in branching and habit
 - Very large flags on the bracts
- Bloom Time:** Spring to Summer
Vernalization Code: VB
Zone & Exposure: **TENDER** Z7-9; Sun
Height: 14-20"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: A, B, C, F, G, H
Sizes Offered: 128, 72
From: Syngenta/ThinkPlants™

TOP L TO R: New Madrid® Blue Improved, New Madrid® Purple
BOTTOM L TO R: New Madrid® Rose, New Madrid® Star Purple

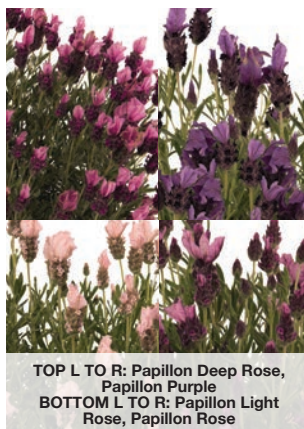

Lavandula stoechas New Madrid® Series

- Improved selections with larger flowers and bracts
 - Earlier to flower; improved uniformity across series
- Bloom Time:** Spring to Summer
Vernalization Code: Not required
Zone & Exposure: **TENDER** Z7; Sun
Height: 12-18"
Production Type: VEG
Pot Size: Quart, 1 Gallon, 2 Gallon
Schedule Options: C, F, H, K
Sizes Offered: 128, 72
From: Green Fuse™ Botanicals, Inc.

NEW! *Lavandula stoechas* La Diva Big Night

- Strong foliage, more like *angustifolia* than *stoechas*
 - Lavender-purple flags with dark purple flowers
 - Excellent heat and humidity tolerance
- Bloom Time:** Spring to Mid-Summer
Vernalization Code: VB
Zone & Exposure: **TENDER** Z7; Sun
Height: 8-10"
Production Type: VEG
Pot Size: Quart, 1 Gallon
Schedule Options: C, E, F, H, I
Sizes Offered: 128, 72
From: Dümme Orange

TOP L TO R: Papillon Deep Rose, Papillon Purple
BOTTOM L TO R: Papillon Light Rose, Papillon Rose

Lavandula stoechas Papillon Series

- Very early-flowering series with large flowers and strong colors
 - Large flowers
- Bloom Time:** Late Spring to Summer
Vernalization Code: VB
Zone & Exposure: **TENDER** Z6-7; Sun
Height: 12-14"
Production Type: VEG

GROWING SCHEDULES

Schedule A: Transplant in summer through early fall in poly hoops or outdoors for spring sales. Typically planting occurs August-September. Plant earlier for larger pot sizes like 2-gallon. You may need to cover with a frost blanket for added protection in colder zones. Cover prior to severe cold or before temperatures are consistently below 32°F (0°C) at night. Uncover approximately March 1st-15th to sell in spring. Fall pinching/shearing and spring cleanup is variety dependent.

Schedule B: Transplant in fall through mid-winter inside minimally heated structures for spring sales. This typically occurs October-December. Overwinter by maintaining temperature above 32°F (0°C) and below 45°F (7°C) for vernalization to occur. Can move outdoors or remove protective cover approximately March 1st-15th to sell in spring. In warmer zones, where temperatures remain above freezing for most of the winter, growing inside a heated structure may not be necessary.

Schedule C: Transplant outdoors for early summer sales. Planting typically occurs in March and April.

Schedule D: Transplant outdoors in late spring or early summer for late summer or fall sales. Planting typically occurs in late May-June.

Schedule E: Transplant in January-March inside a heated greenhouse. Grow at approximately 55°F (13°C) night and 65°F (18°C) day temperatures for spring sales. Force under short day conditions.

Schedule F: Transplant in January-March inside heated greenhouse. Grow at approximately 55°F (13°C) night and 65°F (18°C) day temperatures for spring sales. Force under long day conditions.

Schedule G: Transplant in late winter in a low heat greenhouse using vernalized 72-cell or 30-cell liners. Protect from hard freezing but allow to develop naturally as day length and temperatures increase. Sell in spring or early summer as plants develop. Use multiple vernalized 72-cell liners per pot for containers larger than one gallon.

Schedule H: Transplant in November to early January outside or under saran. Protect from hard freezing with either minimal heat, covers, or icing. Once plants are rooted down, provide long days to initiate flowering for spring sales.

Schedule I: Transplant in November to early January outside or under saran. Protect from hard freezing with either minimal heat, covers, or icing. Grow and finish under natural day length for spring sales.

Schedule J: Transplant liners in May-June for sales the following spring-early summer. This is to allow sufficient time to bulk the plants before the shorter day lengths and lower temperatures of fall arrive. A fall planting is not advised.

Schedule K: Transplant in January-March inside a heated greenhouse. Grow at approximately 65-75°F (18-24°C) for late spring-early summer sales.

VERNALIZATION CODES

VR: Vernalization required. Plant requires cold treatment for best performance and flowering.

B-VR: Vernalization required. Bulking in final sales container highly recommended prior to vernalization for best performance and flowering.

VB: Vernalization Beneficial. Plant benefits from cooling.

B-VB: Vernalization required. Bulking in final sales container highly recommended prior to vernalization for best performance and flowering.

*If you do not see a specific variety or size offered, custom production is always an option!
Must meet minimum – 1000 units by variety & ship date.*
